Sarah

Unlike a lot of women, I like the taste of cum, and I like the feel and texture of it in my mouth. I can usually tell what a guy's been eating just from the taste of his cum. A friend of mine suggested I write a first hand article and publish it. I'm currently getting ideas with my good friend George. He's helping me write about my anal experience. He's even volunteered to be my first collaborator. What a guy!

Erotic Enemas

A good asshole cleaning can be an incredible turn-on, whether you give or receive one

The ancient Egyptians were so impressed with the enema that they credited its invention to Thoth, the chief of the healing gods. Something as wonderful as the enema, the Egyptians believed, must have been divinely inspired. Enemas are featured throughout history; just about every malady has, at some time or another, been subjected to an enema cure.

No one really knows when enemas ceased being exclusively for medical use and began to be used sexually. Since the very nature of the enema ensures that even when it is used for hygienic purposes there will be some sexual pleasure in it, people no doubt learned that enemas were a turn-on centuries before they were even able to read about enemas as kink.

What's So Great About Enemas?

As with any other sensual pleasure that is somewhat unusual, fans of enemas are eager to speak of their special interest. Serious enema enthusiasts believe that they have found an incredible addition to their sex lives. They want to spread the word.

One man says, "I've always been interested in exploring the body in new and exciting ways. The possible things I can do with my own body and the bodies of my sex partners intrigue me. When I am being given an enema the feeling of fullness is so wonderful, so exciting, the pressure on my prostate gland so intense, that I have to really control myself so I don't come from just this stimulation.

"When I give an enema, I love watching the effects it has on my partner. The way the pleasure takes control of her, bit by bit, until she's writhing in ecstasy is something that never fails to turn me on."

A woman adds, "It's a total body experience. The fluid seems to be flowing through my entire body. It's very relaxing. Also, I consider myself fortunate that I have a very developed anal sexuality. As soon as the nozzle is inserted into my asshole I start to squirm with excitement. As the water flows in my pleasure mounts. By the time the bag has emptied into me, my pussy is dripping and I'm frantic to get my lover's cock inside me."

Some people use enemas as a masturbation aid, "a sure-fire way to get turned on when alone." Others employ enemas in their sex fantasies. One happy enema lover explains, "My greatest sexual fantasy involves being at the mercy of a sexy nurse, and the best part of the scene is when she straps me to the bed and gives me an enema. It's humiliating, but at the same time it gets me really charged up."

Both sexes can get turned on by enemas. One woman told me that her most intense orgasm was triggered "accidentally" by an enema administered to her during a stay in the hospital. But men are more likely to find a direct sexual stimulation from enemas. The enema places pressure on the prostate gland. In fact, it is the only spot from which an erection can be induced without psychological stimulation. In other words, some men can get hard from an enema, even if they don't want to get hard.

Just as some men claim there is a difference in the quality of orgasms achieved via jerking off or oral, anal or regular sex, others make the same

claim for a “prostate orgasm”—that is, an orgasm brought on by pressure on the prostate gland. However, that prostate stimulation may produce uncomfortable sensations in some men. Also, unlike orgasms reached through other methods, enema-induced orgasms are not always controllable, a fact which some men find bothersome but others find fascinating.

Equipment

Archaeological evidence tells us that ancient civilizations probably fashioned the first enema devices out of naturally formed hollow reeds and tubes. A catalog of enema equipment through the centuries would show a wide selection of utensils designed to force fluid into the bowels. Some of these enema tools look like objects of torture; their use must have been extremely painful.

Today the popularity of the enema for sexual stimulation has resulted in an enormous range of enema equipment. Not only can the necessary tools for this pleasure be purchased in drug stores and medical supply outlets, but also sex boutiques are likely to carry a complete line of enema, accessories, stocked alongside the dildos, leather toys and erotic oils.

There are two chief types of enemas—the syringe type and the bag-hose-nozzle style. The syringe is much less expensive and more readily available. It is a one-piece enema accessory resembling a large, blunt needle. The opening, a nozzle built in or attached to a bottle, is inserted into the butthole and the container is squeezed to push the fluid into the rectum.

Aficionados prefer a more elaborate set-up. An enema bag is filled and the solution flows through a hose, entering a nozzle that has been inserted into the rectum. The higher the bag is held, the greater the force with which the solution will flow into the body. The bag may be suspended from a stand, and the fluid flow controlled by a clamp attached to the hose.

Enema bags come in different sizes, though the quart size is perhaps

the most popular. The tube is fairly standard, generally made of rubber or some type of flexible plastic. Nozzles come in a variety of shapes and sizes. Some are dildo-like, designed to anally stimulate as well as facilitate entry of the fluid. In selecting a nozzle head, avoid any that have sharp or rough edges, since these can damage the rectum and colon. No matter your fantasy, care should be used when inserting or moving the enema-hose head.

Unlike some other sexual variations which can turn into very expensive hobbies, enemas are relatively low-cost fun. A basic syringe enema can be had for a few bucks. Figure a

frequent problem with novice enema-takers.

Enema Solutions

Many different fluids are pressed into service for erotic enemas, but slightly warm, plain water wins the popularity contest. Furthermore, it is the basic choice for first-timers, who will need a few tries to really get the hang of enema sex and who shouldn't begin by experimenting at first with other types of fluids. Cold or hot water will possibly produce cramps, and alternating the flow of hot and cold water, by means of a special enema set-up featuring two bags emptying into one

little for a more involved enema set. Even the most dedicated enema freaks rarely spend somewhat more on enema equipment.

One interesting type of enema is the Bardex. This device consists of the usual plastic head with holes to let the fluid through, but its special feature is tubing that leads to one or two inflatable rubber balloons. The single Bardex balloon is inflated in the rectum to make forcing the tube out of the ass impossible. In the double-Bardex model, another balloon is located outside the anus but nestled against the as cheeks to prevent one from sucking in the tube. The balloons also make it unlikely that any fluid will leak out, a

hose, will definitely cause cramps.

Some enema fans swear by mineral-oil enemas, sometimes mixed with water. Oil may cause cramps, but it will have a lubricating effect and help remove fecal matter. Oil solutions are particularly favored by those who use enemas as a prelude to anal sex or, in some circles, to the extremely dangerous activity of fist-fucking.

Soap is not a recommended addition to the enema water. However, Castile soap, with its pleasant aroma, is popular with the kinky enema set. Coffee enemas have been popular of later, used especially for health reasons. (All sorts of drugs have been used in enemas, from hallucinogens to cocaine,

but their use is not encouraged. Any mind-altering substance used in an enema will be rapidly absorbed by the intestines and the effect of the drug may be 10 times greater than if the drug were taken by regular means.)

Pornography includes mention of all sorts of fluids used in enemas. Whatever the charms of "torturous" enemas, don't get reckless in your choice of solutions.

Enema fans get all hot and bothered when discussion focuses on the

out all sorts of positions for administering enemas. The most basic calls for the receiver of the enema to lie on their stomach, with perhaps a pillow underneath to push the ass up. More experienced enema-takers prefer to lie on their backs, thus leaving their genitals accessible.

A popular position for performing enema sex features the woman kneeling with her ass cheeks high in the air. The man enters her pussy from the rear, doggie style, and at the same time

to control internal muscles, knowing how and when to tense and relax is a process that does not come with the first try.

Although experienced enema-takers can hold enormous amounts of fluid, don't try to break any volume records the first few times you try enema sex. A quart or even less is more than sufficient.

What goes in must come out. Easy access to a bathroom is called for and a rubber sheet on the bed is a good idea too.

Veterans of the practice can hold in the solution for an extended period of time, but novices should release the fluid as soon as any discomfort is felt.

Enemas are cleansing and may actually good your health; but don't overdo them. An enema a week can be exciting. Excessive enemas will destroy the antibodies in your system and thereby lower your resistance to infection.

There is a potential danger in enemas. The anus is not an area to tamper with carelessly. Anyone with bleeding ulcers or other injuries to the lower digestive track should submit to enemas only under a doctor's orders. Excessive water pressure can damage the prostate and the intestines, and "easy does it" is the rule for all enemas.

The Ultimate Enema

The thrill of introducing fluids into the body has led some enema fans to colonic irrigation. This involves a very elaborate and thorough flushing of the intestines with one pipe to admit the fluid and another to let it out. In up-to-date systems, pH balance, mineral additives, vitamins and temperature are computer-regulated. If you want to experience a "high colonic," find an accommodating professional. There is no home equipment comparable to what's in medical offices, and it's wise to have a doctor in attendance for this procedure.

wine enema, the "last word" on solutions. The wine enema creates a pleasant alcohol high with no likelihood of a hangover and, of course, no boozy breath. The wine solution must not be very strong, especially for a novice. To make a solution use 10 parts water to 1 part wine, so the alcohol content is not more than one percent. No need to use expensive wine from a good year; a cheap cooking wine works perfectly. Since the alcohol goes directly into the bloodstream, nothing stronger than wine should be used. For maximum effect the wine enema needs to be held in for about 10 minutes and should be administered following at least one preliminary cleansing water-only enema.

Enema Positions

Imaginative couples like to work

inserts the enema nozzle into her ass, releasing the clamp slowly and letting the solution enter her gently.

Or the man can be injected first and have the solution locked in with an anal plug, a relative of the dildo but specially designed to be held in place by the anal sphincter. This style is much loved by enema enthusiasts. Then he can mount his partner and inject her, which should give both of them a shot at a unique method for mutual sexual fulfillment.

Technique Tips

Many people may be turned on by the idea of enemas but may find the procedure a bit difficult. The receiver of the enema may "leak" while the liquid is being injected and when the nozzle is removed. Practice makes perfect in the taking of enemas. Learning

ON THE BANKS OF THE RIVER

I've always been something of a sweet and proper girl. For most of my life, I stayed out of trouble and did what I was told. But that was before I discovered the strange man who would change my life forever.

I was camping away from the city with some friends, in the hilly forest and fresh air. It was an entirely different world out there, one I knew well. We'd all camped there since we were kids. And the forest still had its secrets to share.

As I climbed one of my favorite trails, I was drawn away toward the sound of a small river. I veered off and followed the sound to a shallow pool of clear, cool water.

I was alone, so I undressed and waded into the pool as a healing, tingling sensation surged through me. I reached to run the water through my long, thin fingers, cupping it and letting it flow over my tanned, nude body, and when I looked up again, there he was.

A shirtless, muscled, hairy man stood at the forest's edge. Though he looked like he hadn't noticed me, I guessed he was probably trying to look away. He turned and gave a small, wry smile; the kind someone gives when they know you know they've seen too much. When I didn't recoil or spring to cover myself, he reached out a thick hand for me to take.

I looked around before slowly wading through the water towards the strange man. He stepped away from the trees, the sunlight hitting him like a god, and I took his hand. He helped me up the last step, and I finally got my first honest look at him, a look that

made me gasp. The man led me back towards the shade of the forest, and I watched almost hypnotically as he took off his jeans to reveal his thick, hard meat.

Our gazes lingered on each other; he was captivating and just as interested. We were about the same height. My thick brown hair grew heavy down my back as the water rained down over my muscled frame. We moved toward each other and quickly wrapped in one another's embrace.

His touch was warm in the gentle shade. Our arms and bodies entangled around one another, grasping at each other as though we might fall away into nothing. With a smile, he leaned me against one of the larger rocks and knelt down to explore all the way down my body. His tongue trailed down my soft breast, over my firm ass, and around my outer legs toward my exposed and hungry pussy. He didn't say anything and, somehow, didn't need to.

I spread my arms and stretched out with my back arching over the rock, waves of pleasure crashing over me from all angles. His hands kept exploring my chest, especially my perked nipples. He let his mouth follow back up, slowly kissing his way up from my crotch over my firm stomach and toward the mountaintops, where his tongue flicked and swirled around my pink mounds. I moaned loudly, screaming into the forest as the man seemed to find every one of my spots.

He kept going, mouth moving up my chest and towards my moist lips. And as our eyes met, I felt the head of his cock throbbing at the entrance to my lubed hole. I let my tongue slide into his mouth and felt his manhood slide slowly in. He took his time, allowing me to feel each throb, letting me desire it. I tried to slide myself further down, but he kept me in place, deciding how much of him he would allow, at the pace he decided.

I didn't argue and let him have his way,

spreading my legs wide and throbbing around his heavy meat. I didn't just want him; I needed him. Needed every inch of him inside of me. I threw my head back, letting the water splash over my face and down my body as he played, slowly picking up his pace and picking me up so that I was pinned between him and the rock. He knew how much I was enjoying this. It was intense, and my vision blurred, each pound feeling like he was finding a place deeper inside me, touching something that hadn't ever been reached before.

The look on his face gave him away, twisting and contorting with pleasure as he pulled himself out and shot his massive cock all over my chest. As he finished, one hand slowly rubbed his cum over my body while the other moved back to my clit, letting his fingertips back inside. It felt like he was touching everywhere at once, and it didn't take him long to have me screaming into the quiet forest.

He carried me back to the pool where we cleaned each other up before sitting down with one another in the shade of the trees. We still didn't say anything to each other, we didn't really have to. By late afternoon, we both went our separate ways, me with a new appreciation for the woods...and a little less proper.

SAMPLE SLUTS

The nurse handed me the plastic reception and led me to a private room.

“Just relax,” she told me. “You’ll be fine.”

Was my anxiety that obvious? Apparently so. Of course I was hardly alone; lots of guys find it difficult to jerk off at a clinic. At least that’s what I had read.

Per doctor’s orders I had abstained from alcohol for an entire week. No doubt this had aggravated my nerves. I usually had a few beers every evening after work. Sobriety was for the birds. I felt edgy and out of sorts.

But the situation was unavoidable. Having undergone a vasectomy three months prior, I was due for the mandatory follow up. They had to make absolutely certain that the

surgery had been a success.

Now I locked the door and surveyed my sterile surroundings. It was a typical examination room replete with hand washing sink, scale, and paper topped table.

Receptacle in one hand, I sat on the table and freed my pecker with the other. “Here goes nothing.”

I fantasized about my wife. The doctor had told me not to ejaculate for at least three days prior to today’s appointment. It had been a difficult three days, for sure. My wife and I were accustomed to daily sex; which made my inability to achieve an erection all the more bewildering.

I was raring to go, my balls filled to the brim and ready to explode. But this wasn’t the case. Performance anxiety stifled my best efforts. I stroked, pulled, and tugged in vain. My limp dick seemed to mock me.

“Shit,” I muttered.

A masturbatory aid, I reasoned. That’s what I needed. A good old fashioned stroke mag. But no—they had failed to provide one; this, a sign of today’s digital age where instant porn access was taken for granted. Unfortunately I had been so frazzled this morning that I had left my smart phone at home. Of all the bonehead moves!

The nurse tapped on the door. “Everything okay in there, Mr. Martin?”

“Er—um—uh,” I hemmed and hawed. “Well, to tell you the truth, not really.”

“May I come in?”

“Wait just a minute.” I tucked away my flaccid junk and zipped my trousers. “Okay.”

Dear editor,

I picked up 30+40 yesterday because I saw Phoenix Marie on the cover. Needless to say, she was hot, hot, hot. She’s always been one of my favorite actresses. I love girls with a nice figure, and she qualifies. But when I opened the mag and started thumbing through the pictures, there were some other really fine ladies in there, staring off with an amazing all-girl threesome that had me hard by the second page. And Stevie was so freakin’ cute. And Jessica was one fine woman. I wish she was laying in my bed so I could use her but for a pillow – and much

The nurse, a total blonde MILF, opened the door. She wasn't alone. Her brunette sidekick was young—early twenties, I guessed—and attired in scrubs identical to the blonde's.

"This is Chelsea," the elder nurse said. "She's in nursing school. Is it okay if she observes?"

"Of course," I replied.

The nurse peered at me with genuine concern. "What seems to be the problem, Mr. Martin?"

Mine was a most embarrassing dilemma. I hated to confess my inability to get hard. But I had no real choice in the matter. I took a deep breath and spilled the beans.

When I had finished the nurse told Chelsea to close and lock the door. Then she said, "I see this sort of thing all the time. Don't you worry about a thing, Mr. Martin. Chelsea and I will take real good care of you."

Speechless. Dumfounded. Shocked. I was all of these. And hard, too. Real hard. What I had been unable to achieve with my hand—well, the MILF nurse and her young charge accomplished in less than a minute.

That's how long it took them to remove their scrubs. I stood there, my trousers around my ankles, stroking my dick nice and slow as they started kissing.

It wasn't long before the brunette hopped on the table. She lay there, her lanky legs spread wide, rubbing her hairless pink gash. The blonde's spectacular tits were on full display. She cupped and kneaded the ample mounds as she watched the student diddle herself.

"That's it, Chelsea," she said. "Play with that sweet young pussy. I want it nice and wet."

Chelsea did just that. And them some. She pushed three fingers inside her hole and pumped her hand. The squishy suction sounds turned me on something fierce.

Finally the blonde went down on Chelsea. She pushed the student's hand aside and took over with her tongue, licking and lappong with obvious skill. Chelsea sighed and writhed. She raised her knobby knees. The blonde serviced her clit, then migrated to her tender young bunghole. This drove Chel-

sea wild with excitement; she bit her lip and panted like an overheated dog.

My engorged cock was harder than a brick. The sperm receptacle was on the counter beside the small sink. I moved to grab it, but the blonde, having raised her head from between Chelsea's skinny thighs, had other ideas.

"Not so fast," she said.

Next thing I knew both of them were kneeling before me. The blonde jerked my shaft with one hand while Chelsea licked and sucked my balls.

"How does that feel, Mr. Martin?" The blonde said. "I bet it feels real good, doesn't it? I bet you're ready to blow the biggest wad—"

"Oh, shit," I groaned, dashing for the sink.

I grabbed the receptacle with nary a second to spare. By the time I had finished the thing contained a generous sample of jizz. More than enough, I knew, for the doctor to run his test.

The results came a few days later. The vasectomy had been a success. My wife and I celebrated with a spirited roll in the hay. After we had finished she asked me if I had had any problems providing a sperm sample.

"We've been over this already, honey. It was easy as can be. I thought of my beautiful wife."

She kissed me on the cheek. "You're so sweet."

I felt like a real heel.
If she only knew!

more. But the real surprise in the issue for me was Paige Ashley. What a little vixen she is. And what a great butt she has. Real cute face, tight little body and she looks like she likes to suck and fuck. I think I'm a pretty suave guy, but all the chicks I've fucked seemed like they were doing me a favor. Paige, seems to like getting DP'd and that counts for a lot.

BLAIR-NTS-12

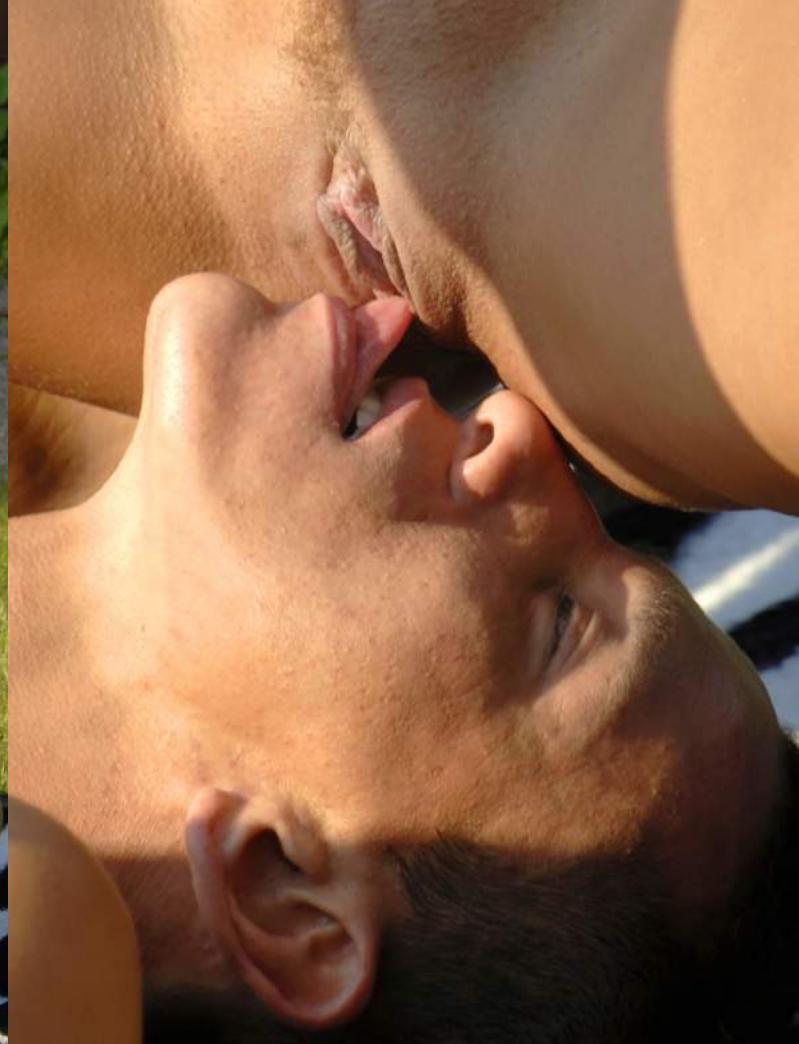

Tiffany & Linda

These two best friends decided that they were going to try out for the army. You know - duty to country and all that. So they went to the army navy surplus store and found the cutest little uniforms. Just what the army requires of all it's female recruits. Then they found a real army sergeant to put them through a tough booty camp.

Natalia

I'm always asked by both men and women if I like women, and, of course I do. I've done girls in my private life and it's a lot of fun. But for the camera, it's with guys that I really get into it. I love riding a really big cock because it gets me even more aroused!
